Q.73 9 is related to 108 following a certain logic. Following the same logic, 17 is related to 204. To which of the following is 22 related, following the same logic?
(NOTE: Operations should be performed on the whole numbers, without breaking down the numbers into their constituent digits. E.g. 13 – Operations on 13 such as adding /subtracting /multiplying, etc. to 13 can be performed. Breaking down 13 into 1 and 3 and then performing mathematical operations on 1 and 3 is not allowed.)

- Ans
- ☒ 1. 266
 - ☒ 2. 260
 - ☒ 3. 262
 - ☒ 4. 264

Comprehension:

Read the passage carefully and answer the questions that follow.
Subhas Chandra Bose was one of the most prominent leaders of India's struggle for independence during the early twentieth century. Born in Cuttack in 1897, he was educated in India and later in England, where he passed the Indian Civil Service examination but resigned to join the nationalist movement. Bose became president of the Indian National Congress in 1938 and again in 1939, but differences with other leaders led to his resignation. During World War II, he sought international support to fight British rule and formed the Indian National Army with the help of Japan. The army aimed to liberate India through armed struggle and advanced toward the northeastern borders of the country. Bose established the Provisional Government of Free India in 1943 and adopted the slogan "Give me blood, and I will give you freedom." Although the military campaign ultimately failed, his efforts inspired many Indians. His reported death in a plane crash in 1945 remains a subject of debate among historians and researchers. His leadership style combined discipline, determination, and a strong belief in complete independence, which distinguished him from several contemporaries within the broader nationalist movement and earned him lasting recognition across generations in modern Indian history.

SubQuestion No : 83

Q.83 Where did Subhas Chandra Bose pass the Indian Civil Service examination?

- Ans
- ☒ 1. He qualified for the service while attending classes in Japan
 - ☒ 2. He succeeded in the assessment during training in a European institution
 - ☒ 3. He completed the test after finishing his early schooling in India
 - ☒ 4. He cleared the examination while pursuing higher studies in England
